## Introduction and Philosophy

Blissful relaxation for body, mind and soul takes place in our four over-water treatment suites and Yoga pavilion, which offers inspiring views of ocean and sky.

Our holistic treatment menu incorporates healing powers of plants combined with entrancing healing traditions from Asia & Africa, using local herbs and plants. Emphasis is placed on therapeutic and natural spa therapies using products by Ila, TheraNaka, Elemis, and Coola.

A person with dark hair is lying on their back on a white surface, possibly a massage table. Their back is exposed, and three smooth, pink, oval-shaped stones are placed along the spine. The person's head is turned to the left, and their arms are resting at their sides. The background is a soft, out-of-focus light blue.

# Chakra Balancing by Ila

## MULADHARA

Muladhara – the root chakra – is located at the base of the spine. It anchors the spirit to the material world and the body to the earth. Muladhara is the root of our survival. It governs base instincts, mental stability and sensuality. It gives us the focus we need to succeed and the centering necessary to nurture ourselves and others. Balancing Muladhara calms body and mind, creating a profound inner peace that helps free our full potential. Combining a foot wash, frankincense smoke, Tibetan singing bowls and a slow, deep massage with grounding vetiver, ginger, patchouli and jatamansi oils, this treatment induces a deep sense of stillness that will leave you feeling ready to take on the world

120 Min | \$355++

## SWADISTHANA

Swadhisthana – the sacral chakra – is located in the lower abdomen. It governs fertility, virility, self-worth and creativity. It is also associated with emotional balance, desire and pleasure. This chakra helps us to let go and find a healthy balance in life. When it is functioning well, Swadhisthana brings enhanced emotional gratification, higher self-esteem and free-flowing creative energy. Ideal for couples to experience together, this nurturing treatment combines a deep lymphatic scrub, Vichy shower, flowing massage and chakra warming with the nourishing oils of jasmine, patchouli, rose and sandalwood. Happiness is renewed and the desire for life and love is reinvigorated.

## MANIPURA

Manipura – the navel chakra – is located in the solar plexus. It is the centre of health and vitality and governs the capacity to grow and develop. Connected to inner strength, sense of purpose and self confidence, Manipura means beautiful, shining jewel in Sanskrit. When it is open and balanced, we shine from within. This elevating treatment floods the body with vital energy and inner warmth. An energizing and detoxifying foot and body scrub, bio-energy mud wrap and massage with vital energy oil restore inner radiance and positive feelings, renew strength and health and leave the skin brilliantly lustrous

## ANAHATA

Anahata – the heart chakra – is located in the chest. It is the center of unconditional love and governs compassion and forgiveness, generosity and well-being. Balancing this chakra is important for the circulatory system, heart and thymus. It also helps fend off disease and nurtures spiritual love and devotion. Healing the heart chakra can help free us from our limits and fears. This tender combination of foot wash, scrub, massage and heart work uses rose oil and warmed rose quartz to gently reconnect the body and mind to inner peace and stillness. Equilibrium is restored, leaving you feeling at one with yourself and those around you.

## VISHUDDHA

Vishuddha – the throat chakra – is located in the centre of the throat. It governs our communication and self-expression and is linked to creativity and honesty. It also encourages strong leadership. A strong throat chakra embodies the spirit of truth and intuition; when it is weak or low in energy, our thoughts become unstable and our sleep patterns are disturbed. This treatment uses yoga, healing sounds, smudge sticks and a highly specialized marma facial massage to balance Vishuddha. It enables us to acknowledge and express the truth in and around us, reconnects the mind to a positive flow and encourages a deep and restful sleep.

This treatment uses yoga, breathing techniques, essential oils of sandalwood and jasmine, and specialized marma and light-technique massage to balance the higher and lower selves. The mind feels light, clear and knowing, and a sense of peace and harmony pervades the whole body.
